

State Route 9 Corridor Study: Existing Conditions Report

In Progress

Summary

A study of freight reliability, safety, and access along 22 miles of State Route 9 between Brookhaven and Cedar Falls, conducted with the State Department of Transportation.

The study began in 2025 and is expected to conclude in mid-2027. The Existing Conditions Report was published in March 2026. Alternatives will be presented for public input in spring 2027.
